

## Work Package/Deliverables (WPD): Initial Project Poster

Sections 1-7 need to be completed prior to commencing the WPD. Once the assignees and respective reviewers approve the completion of WPD, proceed with sections 8-11.

### 1 What is the requirement for this WPD:

[Explain what needs to be done for this deliverable]:  
- Create a Project Poster

### 2 What is required for this WPD:

[List of materials, resources, or information needed to complete this deliverable]:  
- PRO1: Project Plan - Microsoft Presentation

### 3 Why is it necessary to complete this WPD:

[Explain the importance or purpose of this deliverable]  
- This is required for the course DVA490 - This assignment is designed to facilitate the creation of your initial Project Poster that will encapsulate your project's envisioned goals, motivations, and proposed methodology. This poster will visually represent the project's initial plan, which aims to present your project's intent to partners, sponsors, and other students.

### 4 How should the WPD be completed, What task is required:

[Describe the specific tasks or steps required to complete this deliverable]

Task Project Poster::

- (Describe the specific task):  
**Project Name:** Choose an appropriate, concise name that encapsulates the essence of your project. This will be the header of your poster.  
**Goal:** Clearly define the projected goal of your project. What are you aiming to achieve? Make this as precise and straightforward as possible.  
**Motivation:** Describe why this project is important. What drove you to choose this project? What problem does it intend to solve, or what knowledge does it aim to contribute to the field?  
**Method:** Outline the methodologies that you propose to employ during

your project. Describe your anticipated techniques, tools, or processes and why you have chosen them.

**Design:** Your poster should be visually appealing and easy to read. Use relevant, high-quality figures to illustrate concepts, projected stages, and expected results. Vector-based graphics are strongly recommended for their scalability and clarity.

- (Explain the importance of this task on the WPD): sections 1&3

## **5 Are there any dependencies of this WPD on other WPDs:**

[List any work packages or deliverables that this one relies on]  
- PRO1: Project Plan

## **6 Are there any WPDs dependent on this WPD**

[List any work packages or deliverables that depend on the completion of this one]  
- Final Project Poster

## **7 Start time:**

[Specify the start date]:2nd October

## **8 Finish time:**

[Specify the expected completion date or timeframe]:  
[Specify the completion date]:

## **9 Does this WPD require a User manual - dependent on other WPD (Yes or No):**

[Indicate whether a user manual is required for this deliverable, and if it's dependent on the completion of other work packages]

**10 Does this WPD require a User manual - independent (Yes or No):**

[Indicate whether a user manual is required for this deliverable, independently of other work packages]

**11 Does this WPD require a Troubleshooting guide (Yes or No):**

[Specify whether a troubleshooting guide is needed for this deliverable]
